

→ NDIS Approved Provider

Paralogic are an Australia wide NDIS approved provider - no matter how you are managing your NDIS funding we can help. Once you have your NDIS participant number, just contact us and we will do the rest.

→ Why Paralogic stands apart

- ▶ Our premium quality products are up to 50% cheaper than our competitors
- ▶ Order by 2pm (Sydney time) and your order will be despatched the same day
- ▶ We don't use a distributor, so we always have stock available
- ▶ We have experienced catheter users on our team if you have any questions.

→ What do catheter users say about Paralogic?

Thanks for making my life a little bit easier. With all the things, I have to deal with, you have taken the stress out of purchasing catheters. The price is absolutely perfect, as I am on a pension, and try to save money wherever I can. - Libby, TAS.

Thank you so much to Paralogic for the quick and easy delivery of my catheters! I am new to Paralogic and it was my first delivery and I love the catheters and will continue to purchase them! The price and delivery costs are excellent! - Wendy, QLD.

Thank you for the fantastic service, from the ease and clarity of your website to delivery of the order at a good price. The quality of the Paralogic branded catheter is no different from another brand I used. Again, thank you! - Alfred, TAS.

**Anne-Marie Howarth,
Founder and Director of Paralogic.**

Following a spinal cord injury in 2005, I discovered first-hand the cost of ordering single-use catheters. Frustrated by my lack of options and the expenses I faced, I founded Paralogic Pty Ltd.

Paralogic now provides quality intermittent and suprapubic catheters – at close to half the price of other companies. We offer a fast, reliable delivery service and keep an extensive stock of products, so most orders are shipped within 24 hours.

The ordering experience is easy: online, by phone, or email and if you have questions I welcome the chance to talk. I am an experienced catheter user and I understand.

We hope you'll choose Paralogic as your preferred catheter supplier. We're here to help.
